

### Firewise Demonstration Garden Bed 3 Plant List

This map is designed to start at the Welcome sign and move counter-clockwise around the bed. Plants with a sign have an \* with the number from this list to help locate yourself. The common name of the plant is listed first; the scientific name is second in parenthesis and italics.

| Map # | Common Name                        | Scientific Name                                            | Map # | Common Name                       | Scientific Name                                          |
|-------|------------------------------------|------------------------------------------------------------|-------|-----------------------------------|----------------------------------------------------------|
| 1     | *Thrift                            | <i>(Ameria spp)</i>                                        | 33    | Snowberry & Larkspur              | <i>(Symphoricarpos occidentale &amp; Delphinium spp)</i> |
| 2     | *Vinca                             | <i>(Vinca minor)</i>                                       | 34    | Beebalm                           | <i>(Monarda spp)</i>                                     |
| 3     | Scabiosa                           | <i>(Scabiosa spp)</i>                                      | 35    | Lungwort                          | <i>(Pulmonaria spp)</i>                                  |
| 4     | Columbine                          | <i>(Aquilegia spp)</i>                                     | 36    | Coneflower & Lupine               | <i>(Echinacea purpurea &amp; Lupinus spp)</i>            |
| 5     | *Snowberry                         | <i>(Symphoricarpos occidentale)</i>                        | 37    | *Larkspur                         | <i>(Delphinium spp)</i>                                  |
| 6     | Oriental poppy                     | <i>(Papaver orientale)</i>                                 | 38    | False rock cress                  | <i>(Aubretia spp)</i>                                    |
| 7     | Sweet William                      | <i>(Dianthus spp)</i>                                      | 39    | Larkspur/maiden pink/<br>Helenium | <i>(Delphinium spp, Dianthus spp, Helenium spp)</i>      |
| 8     | Lungwort                           | <i>(Pulmonaria spp)</i>                                    | 40    | Helenium                          | <i>(Helenium spp)</i>                                    |
| 9     | *Allium/nodding onion              | <i>(Allium spp)</i>                                        | 41    | Coneflower                        | <i>(Echinacea purpurea)</i>                              |
| 10    | Coreopsis/tickseed                 | <i>(Coreopsis spp)</i>                                     | 42    | *Aster                            | <i>(Aster spp)</i>                                       |
